

SEE IT FIRST!

The first name in silage quality.

Capping two years of extensive development and field testing, Miller Ag-Bag introduces at World Ag Expo, the new:

X1114 Professional 14' Silage Bagger

The industry's largest, highest capacity, most productive silage bagger available.

Featuring Miller-engineered design enhancements:

- 11' rotor packing nearly 3 tons per foot
- 580 hp CAT C15 Tier III engine for high performance
- Longer tunnel with low rotor position for uniform packing
- All new cab comfort and control upgrades
- Plus improvements in braking systems and much more
